

# CITY INSIGHTS

Spring/Summer 2020

Published by the City of Moorhead

## Have You Completed Your 2020 Census?

**we count  
minnesota**

**CENSUS • 2020**

If you did not receive a Census invitation or you have questions, please contact the U.S. Census Call Center at 800.865.6384.

For more information: [2020CENSUS.GOV](https://2020census.gov)

### What's in it for me?

- Minnesota receives ~\$15 Billion annually - that's ~\$28,000 per Minnesotan or ~\$112,000 for a family of 4 that we stand to lose if we don't get everyone counted.
- We must be sure to count every Moorhead resident because Minnesota is projected to lose one of its 8 seats in the U.S. House of Representatives (maybe even ours!).
- Responding fulfills your civic duty because it's mandated by the U.S. Constitution.
- Census data gives community leaders vital information to make decisions about building community centers, opening businesses, and planning for the future.

### Census Timeline:

- March 12-20: Initial invitations were sent via the U.S. Postal Service.
- March 16-24: Reminder letters sent.
- March 26-April 3: Reminder postcards sent to households that have not responded.
- April 8-16: Reminder letters and paper questionnaires sent to remaining households that have not responded.
- April 20-27: Final reminder postcards sent to households that have not yet responded.
- May 13-July 31: If a household does not respond to any of the invitations, a Census taker will follow up in person.

## Make Moorhead Home Property Tax Rebate: Incentive for Building a New Home

New homes built in Moorhead expand the property tax base and benefit our whole community. To add to the excitement of owning a new home, the City of Moorhead has some "Moorhead Perks" for investing in a newly constructed home.

### Make Moorhead Home Property Tax Rebate

The Make Moorhead Home Property Tax Rebate is a property tax break for the first two years after a new home is constructed as an incentive to grow the City. The rebate saves a new home buyer thousands of dollars. On a new \$300,000 home, the total value of the rebate may be as much as \$7,200. After the rebate period, the homeowners pay the same tax rates as other homeowners. You don't need to be a first-time home buyer. As long as you are building a new home or buying one that has not yet been occupied, you are eligible.

No application needed—when a building permit for a new home is issued, the property is automatically enrolled in the rebate program. The rebate of the eligible portion of the tax payments will be refunded

in December of each year of eligibility. If you have any questions on the program timing, just contact the City Assessor's Office at 218.299.5310. This program is available through December 31, 2020 unless extended.

### Welcome Home Pass

The Welcome Home Pass is another special gift to buyers of newly constructed homes that allows Moorhead's newest neighbors to experience all that Moorhead Parks and Recreation has to offer. The pass offers the homeowner and everyone living in the immediate household access to golf (season pass) and swimming (family pass), and recreation programming (12 months) for both kids and grownups.

There are a number of new housing neighborhoods under development in Moorhead. For additional details about the Make Moorhead Home property tax rebate and the Welcome Home Pass, please visit [makeMoorheadhome.com](https://makeMoorheadhome.com).

## Help Improve Water Quality and Reduce Pollutants – Only Rain in the Storm Drain.

To protect our environment, please keep grass clippings, leaves, or other yard waste out of the street and gutter. Recycle yard waste at one of the City's drop off stations or start your own compost site. River Keepers host local workshops to make your own compost tumbler and make your own rain barrel. For more information on these workshops please visit [riverkeepers.org](http://riverkeepers.org) or contact kimberly@[riverkeepers.org](http://riverkeepers.org)

### Benefits of a Rain Barrel

Rain barrels can divert stormwater from roofs, reducing strains on the storm sewer system. By conserving water you reduce the demand for treated tap water, and save money by lowering your monthly bill. A rain barrel can save over 1,000 gallons of water during peak summer months.

Be a part of the solution not the pollution. To report an illicit discharge contact 218.299.5387

## Helpful Tips for Sump Pump Discharge

Where should your sump hose discharge? It depends upon the time of year:

### Spring/Summer: April 1 to October 31

- Your sump hose must discharge outside during this timeframe, and should be directed out to the street, backyard or side yard (please be courteous to your neighbors when choosing where to discharge). Sump pump discharge to the sanitary sewer during this time period creates a risk of overloading the sanitary sewer system and basement back-up for you and your neighbors.
- Homeowners in subdivisions constructed after 2003 have drain tile behind the curb line. Nuisance conditions can be avoided by connecting to this drain tile. Please contact Levi Hockett in the City of Moorhead Engineering Department for additional information at 218-299-5396.

### Fall/Winter: November 1 to March 31

- The outdoor procedure applies, unless you have a Sump Pump Seasonal Waiver on file with the Wastewater Department. The waiver (if approved) allows discharge into the sanitary sewer during the winter months only. Because the risk of significant rain events is lower during this time, the sanitary sewer system is capable of handling this extra water.

A \$30 annual fee applies and will be billed through your Moorhead Public Service bill in January or February of each year. It is a violation of City Policy to discharge your sump hose in to the sanitary sewer without a Seasonal Waiver.

If you have questions on the waiver application, comments, or feedback, please let us know. Wastewater Division 218.299.5386

## D.A.R.E. Program Positively Impacting Student Choices

This year alone 1,100 students graduated from the DARE program. The DARE program uses activities, games, and demonstrations to build a partnership between police, students, schools, and families. This program focuses on educating students using age-specific lessons to include internet safety, bullying, role models, and more.

Our program relies completely on the generous contributions of both businesses and individuals.

All donations are an investment in our youth and go directly to program materials, books, weekly school supplies, and graduation t-shirts.

For more information on the DARE program or to make a donation, please visit our website at [www.moorheadpolice.com](http://www.moorheadpolice.com) and click on "Youth & Family Services."
